

**FOREVER  
GOLD**

Jon Clayton English

Chris Squire Jr.

Where shall I begin noble friend? There's so much to say; I don't know if I can put it all into words. I am so glad I met you. It seems like we've only been friends for about 7 months! You mean so much to me. You're the craziest, stupidest, most Yes oriented, best friend I've ever had!

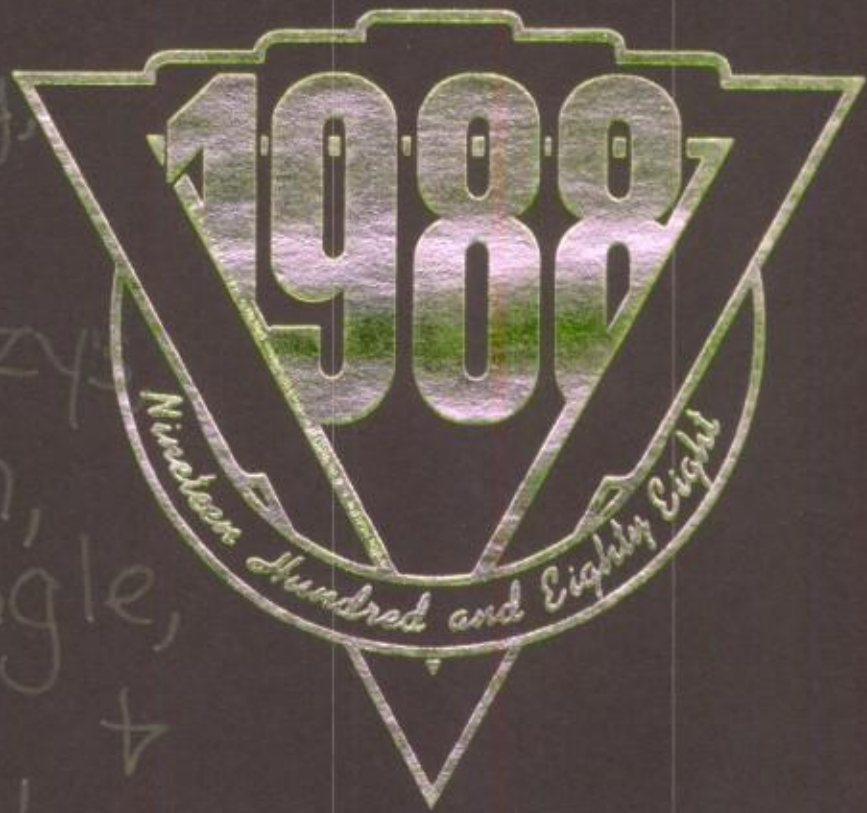

Thank you for loving Yes as much as I do. And for the Tony Dream, and Tormato, and the mobile, and for giving me a new lease on life. Yes will live forever in my heart and so will all my memories of this wonderful year. I have never ever had so much Yes-related fun.

I wouldn't change a thing. Except....  
Six Flags. The words I use to  
describe that exscapade are  
nothing compared to what they  
should be. Ludicrous. Nothing,  
short of ludicrous. The immortal  
words of Tony Kaye. "The younger  
people have taken over." Yes, we  
have and we will rule this crazy  
world.

We've done so much this  
year! How can it be true?

Tulsa, the VCR drama, Koko,  
Addison, Kelly,  
Rock Blocks,  
marijuana frenzy,  
Starship, Ben,  
the love triangle,  
the Grammy's, &  
the Network!

(over)

I've probably left out a million other things but I hit most of the best parts.

Hold on to love, life, and your livelihood. You know what I mean. I hope things keep getting better & better.

Shoot High, Aim High  
(revised Yes song)

Love Always,

# ¡HOLA, YO SOY ADRIANA!

Adriana Téllez Arce is an exchange student this year from Central America. She decided to come here because her older brother was an exchange student last year, and she thought it would be an exciting experience. Originally, she lived in Bolivia, but in 1985, her family moved to Panama. Adriana has four brothers. In McAlester, she is living with the family of Mr. and Mrs. Fred Stewart.

Ady, as her friends call her, likes McAlester because it is a small town and the people are friendly. Panama is different because it is bordered by two oceans, and Panama City is larger than McAlester. It also has a warmer climate. In Panama and Bolivia, the schools are somewhat different from McAlester.

Everyone is required to take nine specified subjects; there are no electives. Also, every student must wear a uniform.

Ady plans to attend college next year.

She is not sure where she will go, however, because her family might move soon. Her career goal involves publicity, and she also hopes to get married someday.

Ady would like to thank everyone at McAlester High School for making her feel welcome. She also appreciates all of the help with her schoolwork that her friends and her teachers have given her.

## FANS AND TEAM SHOW SPIRIT!!

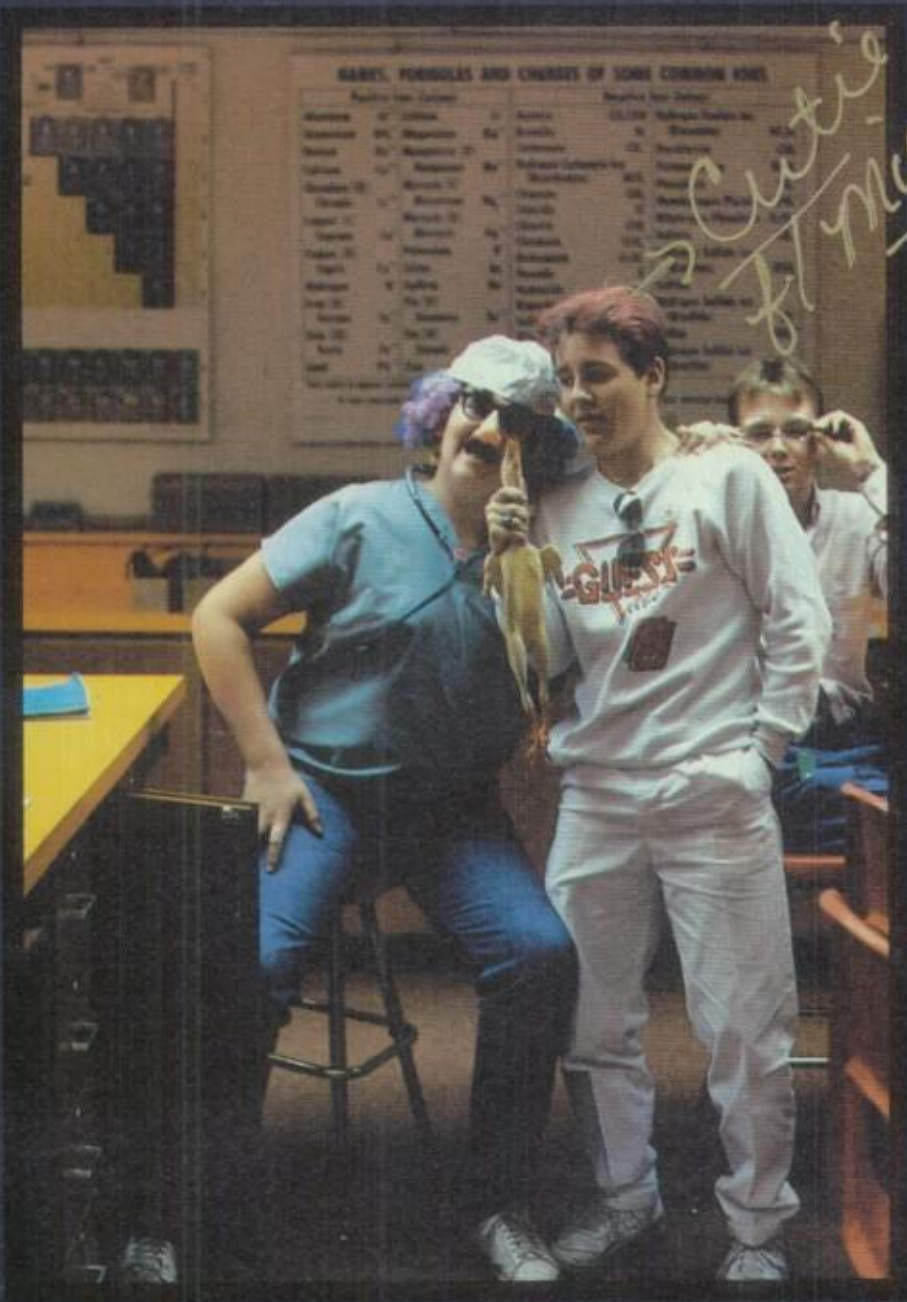

Behind every victorious football team is an enthusiastic and responsive crowd. This year, the support from Buffalo fans has been enormous. The band has belted out catchy tunes of encouragement, while the cheerleaders help bring the crowd to their feet.

All this combined (with a little help from the football team) has made the Buffs NUMBER ONE!!!!

MHS is anything but ordinary because we can look forward to our future while keeping strong pride in our heritage. The class of 1988 is the first McAlester group in several decades that has spent all four years of high school in modern facilities. Our community makes it possible to also enjoy the beauty and tradition that is represented by the old high school, now known as the "McAlester Building." The preservation of this facility allows us to feel a sense of identity that gives us courage for the future by uniting us with our history. The involvement of several generations in this project helps blend past, present, and future into a meaningful whole.

Another unusual thing about MHS is the spirit of caring present in the student body. We support our school in many areas, from a football homecoming parade, which was in honor of our successful football team, to a benefit play for a fellow student who was in an unfortunate accident. Service to our fellow human beings is promoted in such activities as SADD and a youth hotline. They encourage students to be responsible about drinking and driving, and communicate their problems so that solutions for coping in today's complex world can be found.

Of course, MHS is anything but ordinary in a unique way for each student because of his or her friendships. It's our friends that make our high school years memorable; they play an important part in our lives. Sharing our hopes and laughter as well as our downfalls and tears with a friend helps us to learn more about ourselves. These special moments allow us to grow in our understanding of life. Real friendships take time to form, because of the serious commitment which involves making yourself vulnerable to another person. Some of our best friends in high school will be our best friends for life. At graduation, it is necessary to leave these special people, but a true friend's impression will stand the test of time and distance.

# THE RING THING

I have often wondered about the significance behind class rings, so I decided to ask a few friends "What do you feel is the significance behind class rings? What is special about having one?" Some of the answers were:

Class rings give a special memory of your high school years. It signifies that you are in high school, usually your last two years, and are proud to be going to high school and are happy to wear a class ring.

Kelli Moody

The significance of a class ring is to remind you of your high school days, a reminder of your wonderful memories.

Lisa DeLaune

The significance is that a class ring is a symbol of your high school years. These years only come once and you have to live them while you can. The class ring is a symbol of these precious years.

Charlie Giaudrone

Class rings sort of symbolize all of the trials and tribulations of the high school years. When you look at a class ring, many memories come to mind. It seems that finally, we have made it through high school. The only thing to remind us of these important years is an occasional look at the yearbook and a glance at the class ring.

Charlie Grisham

Class rings are to show your pride in your class. Also, they are a reminder of those great days we will all soon leave behind.

Jason Lovette

Class rings are a way to show pride in your school and your class. They are a reminder of school days and friends that would otherwise be forgotten. They are a way of preserving a piece of the high school years. Having a class ring is an honor. It shows responsibility in the decision to represent a class of McAlester High School.

# FRIENDLY REMINDERS

A faithful friend is a sturdy shelter.  
He that has found one  
Has found a treasure.

Ecclesiasticus 6:14

What sweetness is left in life, if you take away friendship?  
Robbing life of friendship is like robbing the world of the sun.

Cicero

True friendship between two people is infinite and immortal.

Plato

As I love nature, as I love singing birds, and gleaming stubble, and flowing rivers, and morning and evening, and summer and winter, I love thee my friend.

Henry David Thoreau

Blessed are they who have the gift of making friends, for it is one of God's best gifts. It involves many things, but above all, the power of going out of one's self, and appreciating whatever is noble and loving in another.

Thomas Hughes

The light shed by any good relationship illuminates all relationships.

Anne Morrow Lindbergh

Do not follow where the path may lead. Go, instead, where there is no path and leave a trail.

Anonymous

If we build on a sure foundation in friendship, we must love our friends for their sakes rather than for our own.

Charlotte Bronte

The gem cannot be polished without friction, nor man perfected without trials.

Confucius

By friendship you mean the greatest love, the greatest usefulness, the most open communication, the noblest sufferings, the severest truth, the heartiest counsel, and the greatest union of minds of which brave men and women are capable.

Jeremy Taylor

It was neither preaching nor praying that made a better man of me, but one or two people who believed in me better than I deserved, and I hated to disappoint them.

Owen Wister

God evidently does not intend us all to be rich, or powerful, or great, but He does intend us all to be friends.

Ralph Waldo Emerson

We must always remember that God has given to every soul the responsibility of deciding what its character and destiny shall be.

Charles E. Jefferson

Better keep yourself clean and bright; you are the window through which you must see the world..

George Bernard Shaw

I hope I shall always possess firmness and virtue enough to maintain what I consider the most enviable of all titles, the character of an "honest man."

George Washington

Keep your face to the sunshine and you cannot see the shadow.

Helen Keller

So long as we love, we serve. So long as we are loved by others, I should say that we are almost indispensable; and no man is useless while he has a friend.

Robert Louis Stevenson

# SENIOR SIRENS YELL FOR VICTORY!

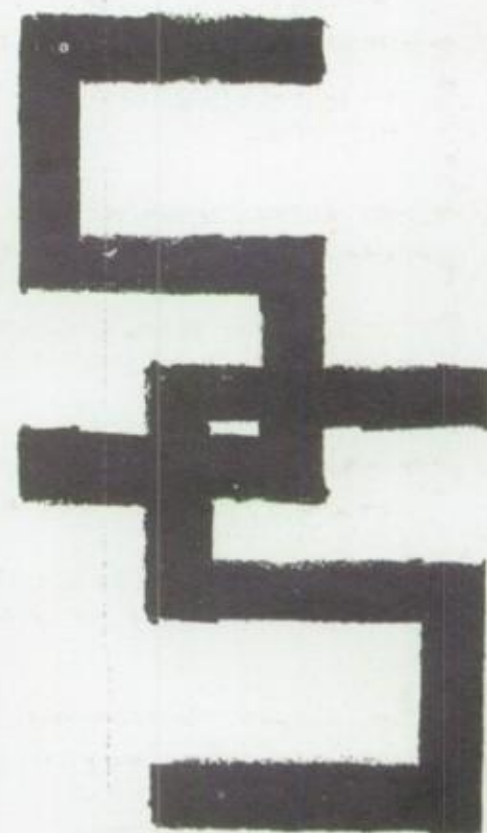

Members are: Josie Farris, Kim Allford, Sheila Clagg, Amy Fitter, Wendi McConathy, Carla Byrd, Stephanie Otis, Jackie Abbott, Lisa Timberlake, Dondi Hunter, Kelli Moody, Brenda Davis, Jennifer McKnight, Mandy Miller, Toni Walker, Adriana Tellez, Laura Stewart, Sherry McAninch, Michelle Fugitt, and Samantha Snyder.

This is the first year for the pep club "Senior Sirens." The Senior Sirens meet on Thursdays at 8:00 a.m. in Ms. Winn's room. The purpose for the meetings is to get prepared for the next game.

What do the Senior Sirens do? This question can be answered in many different ways. All Senior Sirens are expected to sit in a group at all home varsity games: Football, Basketball, and Wrestling. They actively cheer the MHS teams on to victory! They make posters to hang up at school and at the games. The balloons that were given out at 3 home football games were bought by the Quarterback Club and the Senior Sirens. They have bake sales to raise money.

During football season they had an average attendance of ten girls at home games and at away games. They dress up every Friday to show school spirit. Their purpose for starting the club is to let the Senior girls show their school spirit. Maybe next year the Senior Siren Spirit Squad will grow in numbers and in school spirit.

Ms. Winn is the Senior Siren sponsor.

Since high school students are not allowed to have a formal "recess," as we did in years past, lunchtime is the only time during the school day that we can really let ourselves go. During this thirty minute session, we are allowed to talk, goof off, and just be ourselves. Though we aren't always wild about the food selection, we can always be thankful for the good times we've had in the cafeteria!

# DIAL TONES

The telephone is an important instrument in the lives of many high school students. It is a very valuable way to communicate to one another. Most use the telephone to chat with friends and some might use it to help each other with a homework assignment. The lives of most teenagers centralize around the phone.

Superstition is a traditional belief that a certain action or event can cause or foretell an apparently unrelated event. The reason for the beliefs in superstitions is that if something good or bad happens to a person, then that person looks for a reason that it happened. For example, if one finds a four-leaf clover, then something good happens to him, then he believes the clover brought him the good luck. Although some take superstitions very seriously, others do not.

Then maybe I can figure you out. oh, well. have a

## DAILY OKLAHOMAN NEWSPAPER:

Harry Lindley's typing classes visited the Daily Oklahoman Production Plant in Oklahoma City. The students had the opportunity to see multi-million dollar printing presses capable of running 70 miles per hour. They also saw rolls of paper weighing nearly 1 ton each being moved around the production line. The students saw the printing plates being produced for the following day's newspaper. These students also saw the machines used to cut, sort, and fold the newspapers getting them ready for state wide delivery.

## DANCING RABBIT STAFF

Dancing Rabbit staff. Easy A. Really, how hard can it be? Take a few pictures, stick them on a page, and it's done, right? Oh, har dee har har! There's a lot of hard work involved in producing a good yearbook. The pages have to be drawn up, and what's worse, the pictures have to fit into all the little spaces. Then there's the problem of trying to get at least one picture of every person in the school within 232 pages. This, in itself, is an almost impossible task to accomplish. Oh yes, and we mustn't forget about the deadlines and all those long, hard nights spent in the yearbook room trying to make them. Why do we do it, then, if it's such a hassle? "Because it holds a lot of memories and gives us something to look forward to in the spring," says Natalie, a junior who is a member of the Dancing Rabbit staff. Don't get us wrong, okay? There are also a lot of good things involved with being on the staff—mainly, the satisfaction the members receive when the yearbooks come back from the printers in spring, and it seems as if all the time and effort put into making the book has finally paid off. We think it has, and we hope that you will, too!

Staff members: Sheila Clagg — clubs and photography, Nova Conner — Editor and senior section, Karla Davis — junior section, Meri Day — Business manager and artwork, Aundrea Laws — Faculty and good citizens, Christi Miller — honor societies and division pages, Crystal Myers — sports and royalty sections, John Prock — artwork and design, Julie Randall — sophomore section, Natalie Salyers — band, choir, and division pages, Bonny Sheppard — ad photography, proofreading, Misty Snider — cheerleaders and topic pages, Adrianna Tellez — typing, class sections, Chris Troussel — photography and dark room printing, Alissa Turner — Yearbook sales, typing, and topic pages, Toni Walker — Assistant Editor, head photographer, Teri Walker — freshman class section.

\*All members worked page design and color sections.

The McAlester High School journalism class publishes the weekly school paper, "The Buffalo Bulletin," a four page tabloid published each Sunday except holidays, during the school year by "The McAlester News-Capital and Democrat."

Students enrolled in journalism learn all aspects of producing a paper, such as writing copy, editing, paste up, advertising and deadlines.

Last year, "The Buffalo Bulletin" won 13 awards (5 first place, 5 second place and 3 third place) at the Annual Press Day Conference at Northeastern State University, Tahlequah. The 13 awards were the most won by any school in McAlester's class.

"The Buffalo Bulletin" strives to be the voice of McAlester High School, a task that journalism students do not take lightly. Currently, there are 13 students enrolled in journalism.

# TRADITIONS

Surviving High School life is not an easy task. There are many worries; such as, peer pressure, tight schedules, lack of confidence, family responsibilities, distinguishing between wants, needs, and low grades. Once you learn the ropes and get into the swing of things, your freshman year will be a breeze, right? Wrong! First of all, freshmen don't get into the swing of things. So, what do you do? Play it off, get through the year as quickly as possible. Prepare for your sophomore year. Now you have to make decisions, what classes to take, what clubs to join, how to get a car out of your parents as soon as you get your license.

Look ahead to your junior year. What could be so hard about that? Your decisions have been made, and you just got your first job. What could be better?

Your junior year is not as promising as it looked. One thing to look forward to though is your JUNIOR PROM. You either wait patiently to be asked, or you try to get up the nerve to do the asking. Piece of cake or so it sounds.

Here it is your SENIOR year. This is what you have been waiting for. While taking the ACT, SAT, and ASVAB tests, you must also remember college deadlines. If you are still alive then you are able to GRADUATE.

# BONES

Leaving five minutes early for every class including lunch and arriving five minutes late for classes are just a few of the advantages that students on crutches and with other injuries gain.

If you break a bone, all of the girls feel sorry for you and they help you to class by carrying your books.

Playing sports, car wrecks, and other accidents were the main reasons some students got to spend more than two months with crutches or a cast.

Disadvantages are obvious for people with crutches, since students must climb an average of two hundred stairs every day.

## A Thing of Beauty

A thing of beauty is a joy for ever:  
Its loveliness increases; it will never  
Pass into nothingness; but still will keep  
A bower quiet for us, and a sleep  
Full of sweet dreams, and health, and quiet breathing.  
Therefore, on every morrow, are we wreathing  
A flowery band to bind us to the earth,  
Spite of despondence, of the inhuman dearth  
Of noble natures, of the gloomy days,  
Of all the unhealthy and o'er-darkened ways  
Made for our searching: yes, in spite of all,  
Some shape of beauty moves away the pall  
From our dark spirits. Such the sun, the moon,  
Trees old and young, sprouting a shady boon  
For simple sheep; and such are daffodills  
With the green world they live in; and clear rills  
That for themselves a cooling covert make  
Gainst the hot season; the mid-forest brake,  
Rich with a sprinkling of fair musk-rose blooms:  
And such too is the grandeur of the dooms  
We have imagined for the mighty dead;  
All lovely tales that we have heard or read:  
An endless fountain of immortal drink,  
Pouring unto us from the heaven's brink.

# ARE YOU GUILTY OF . . .

## SLEEPING IN CLASS?

Did you get enough sleep last night? Well these students and Mr. Harris didn't seem to. During class we caught them taking a break from school work and dozing off before being noticed.

Pretty sneaky huh? Are you guilty?

# DO YOU REALLY . . .

Cheating: everyone who practices this art has developed his or her own method, which enables the artist to complete high school without having to put forth an effort.

You learn the trade as a freshman, build your list of choices as a sophomore and junior, and by the time you are a senior, you have mastered the art.

Whether you've stored notes in your pocket or asked people for answers, its still the same concept with the same goal: to graduate with the least amount of personal exertion.

# DO YOUR OWN WORK??

# SHOWING SPIRIT BUFFALO STYLE

The varsity Cheerleaders are: Trish Ellefson, Toni Crumbley, Cyndi Ryder, Becky Painter, Dawn Beggs, Angie Voss, Staci Adam, Dixie Abel, and Pam Belcher.

The true meaning of practice makes perfect is shown through the dedication of the varsity cheerleaders. As a result of an enormous amount of practice, their skill and ability emanated through their performance at home, as well as outside of McAlester.

These talented girls expressed

the inner determination that inspired loyal Buffalo fans to support the athletic programs.

The cheerleaders left an impression of their tremendous spirit and loyalty on all those who watched them.

They really made the students and faculty proud to be Buffalos.

Having a definite goal in mind the Bison cheerleaders showed how they shine in the crowd. This being their first year at Parker, they showed just how much spirit one group of cheerleaders could have.

The outcome of spending long hours practicing cheers was many moments of inner pride as they represented their class.

These cheerleaders added color and excitement to every event they attended.

The McAlester Buffaloes had a great season. From start to finish they had great fan support and are very appreciative. The downtown merchants and all of McAlester are to be congratulated for their tremendous support during the Buffs best season ever finishing 11-2. The coaches did an excellent job that really paid off. Coach Allen Wadsworth was named Coach of the Year to prove that McAlester is the best.

The Buffs took the season opener against the defending class 5-A Rougher State Champions with a score of 14-9. The winning touchdowns were made by Rosie Jones and Chris Countz in front of an estimated 4,800 fans.

The second game of the season was with the Ada Cougars before a standing room only crowd at Hook Eales Stadium. Both teams came into the game ranked number one in their respective classes. McAlester's Black Death curtain was on top of quarterback Steve Dean all evening. The Buffs defeated these Cougars 28-7.

When the going got tough the Buffs did a little soul searching and regrouped to rout the Broken Bow Savages 28-10. The Buffs slowly drained their opponent and by game's end were stronger than ever. It was a textbook example of only the fittest survive.

The fourth game of the season was the 4-A season opener against Okmulgee who were 1-3 overall and 0-1 in district play while McAlester had a perfect 4-0 record. Kevin Keith made both scores to give the Buffs a 14-0 shutout against the "Dawgs."

McAlester's Black Death defense was on top again by coldheartedly thumping the Braves 41-0. With this win they became class 4-A's best defensive team by allowing only 26 points in five ball games.

Homecoming night was another victory for the Buffs who beat the Warriors 28-6 in front of a sellout crowd. It only took :54 seconds for the Buffs to score and they never looked back.

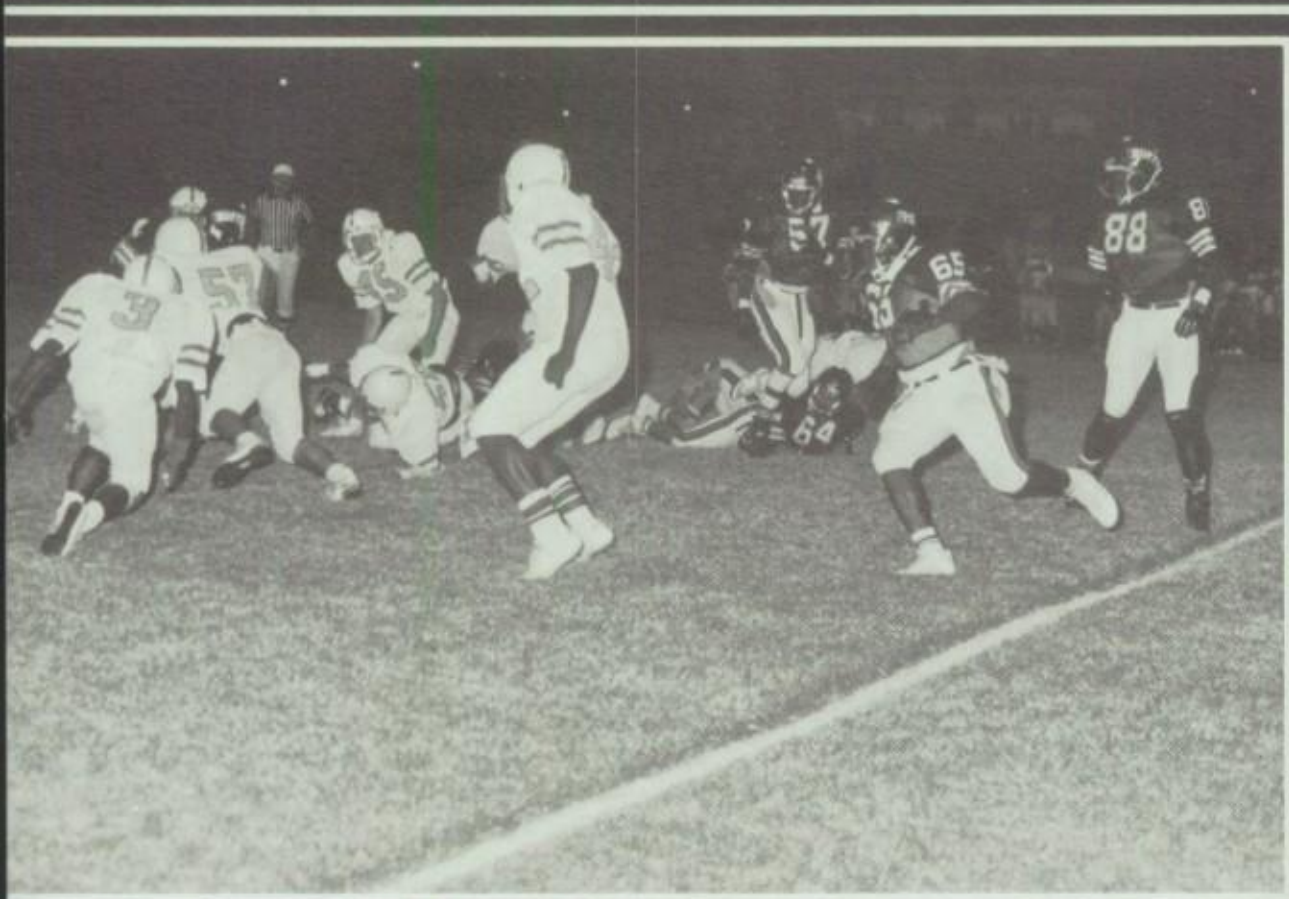

The Buffs brought Bixby back to reality by shutting them out 21-0 making believers out of the non-believers in Spartan Stadium.

The Buffs rose to the occasion against Durant 23-0. Without the help of Kevin Keith and Rosie Jones, who were hampered with ankle injuries, Brian Brown and Tommy Williams were relied on to fill the seniors shoes, and beat the "Lions."

Halloween was a very bewitching night for the Buffs at Shawnee Stadium. The Wolves cast a spell that MHS just could not break and upset them 41-21.

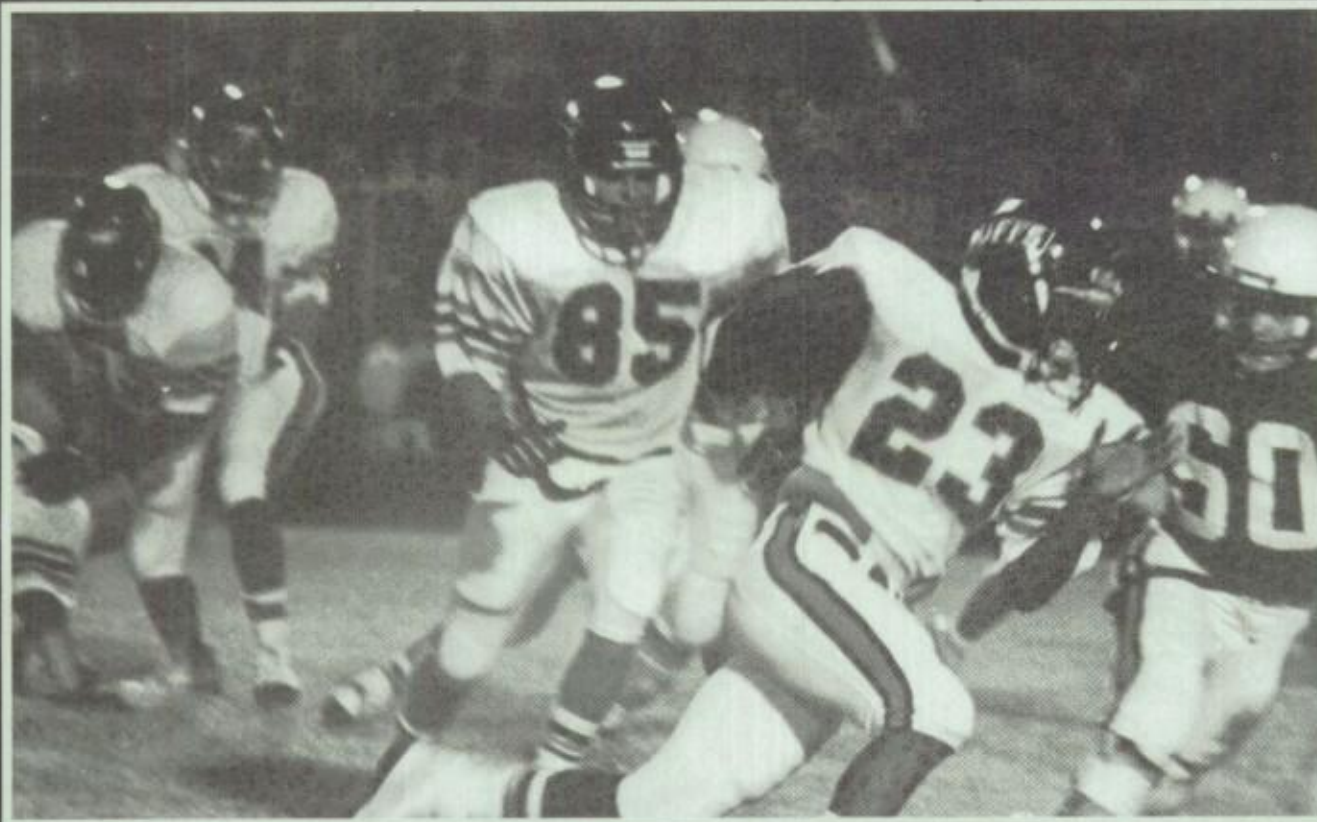

Fulfilling their promise, MHS vented their frustrations on Guthrie and routed them 49-0. MHS won the District 4A-3 league title. This was the first time since 1979 MHS has won the title and 1968 since a team has finished with a better season.

Speed was a big factor in this game. The Black Death Defense was at its best and held the Black Diamonds to 240 yards. This team was much improved since pre-season scrimmage, but just could not handle the Buffs.

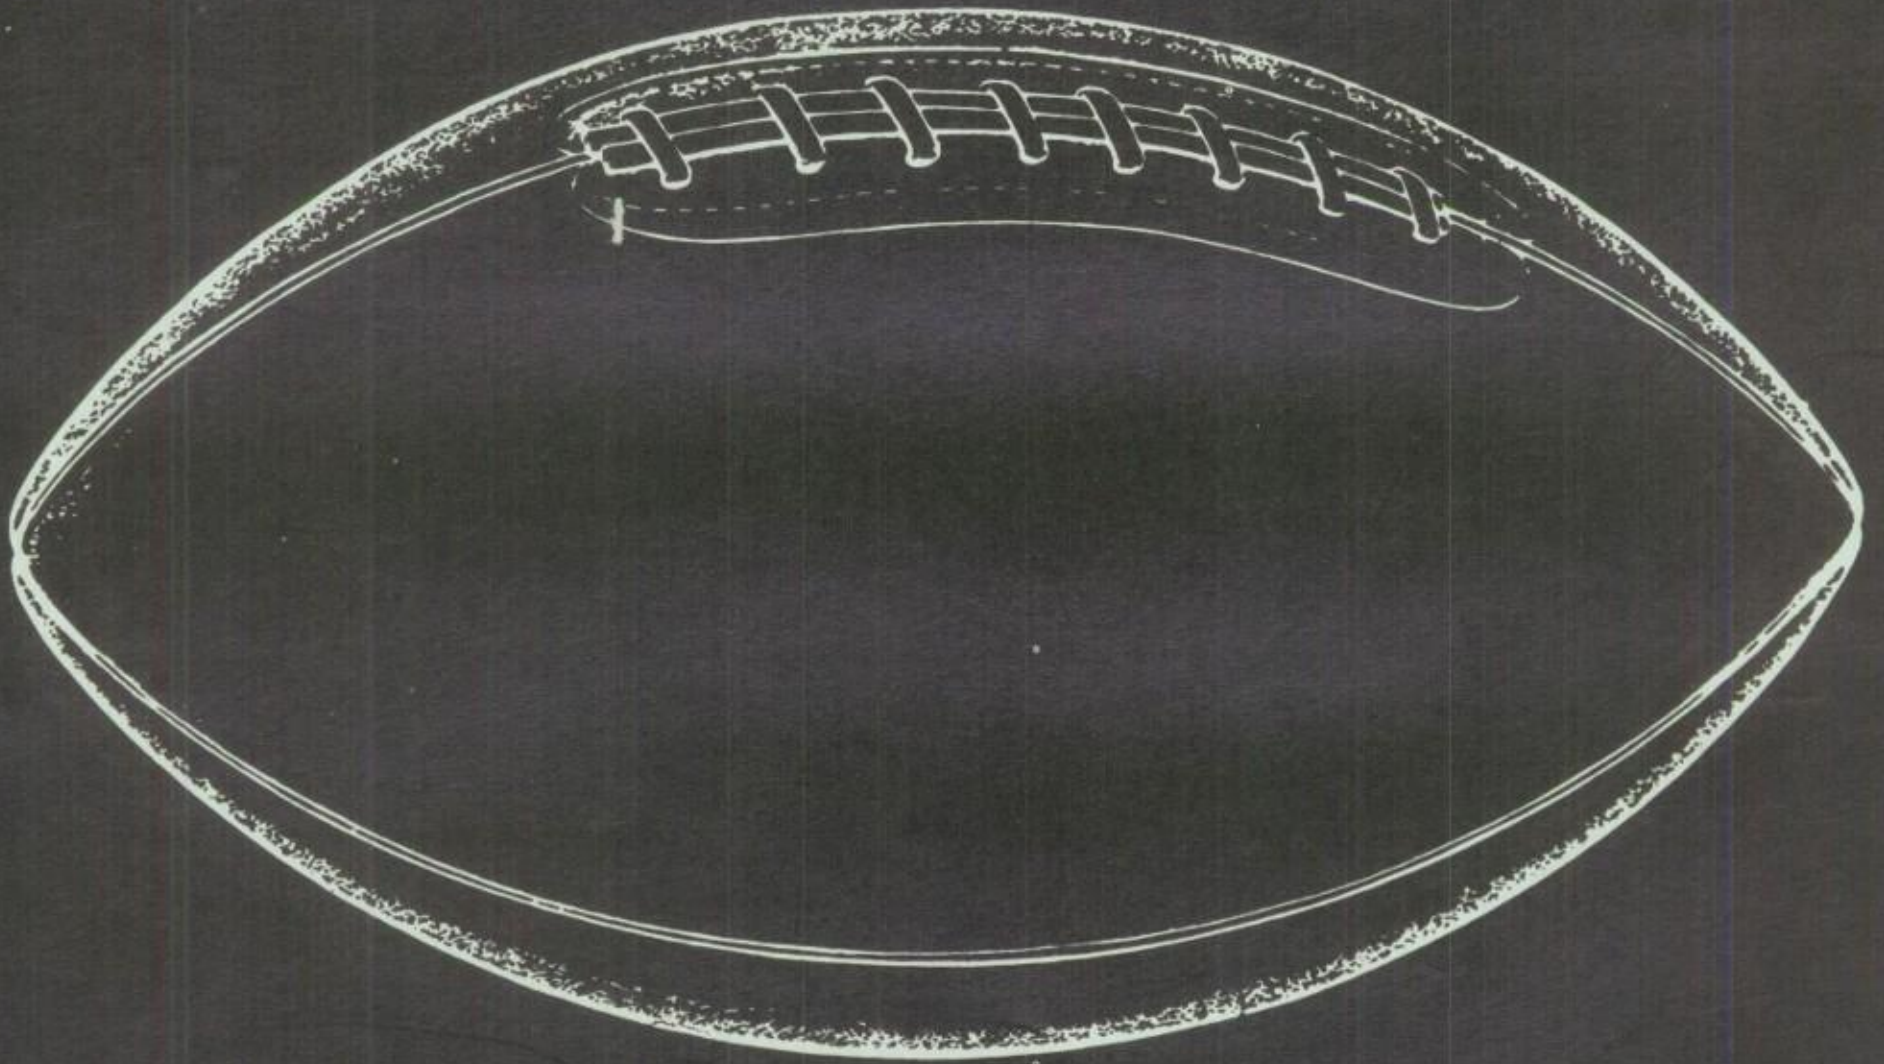

The Buffs had the backing of the entire town for this game. Woodward coach Ron Rogers made too many remarks that just could not be backed up. The Boomers even came up with a rap called the Woodward Shuffle. In response to that The Buffs had their own rap and beat the Boomers 20-0. This was the last home game of the season.

The close of the season came against the Scots at Scot Stadium in sub degree weather. MHS deprived itself the championship six times. Second ranked McClain never kicked the gift horse in the mouth and capitalized on 5 of those fumbles. The close of the best season ever came 24-7. The Scots finished their season as class 4-A champs.

CLAY,

It's been nice having you in Algebra, especially  
 pestering you. I think it was funny. I hope I  
 have you in another class so I can pester you and  
 look at your Fangoria books. Well I guess I will see  
 ya next year.

David Heath #82

The Boys' Basketball team with an overall record of 15-12 had an exceptional season. Under the new coaching staff of Terry Woodward and Randy Hughes the Buffs proved that they are special. With seven seniors, two juniors, two sophomores and one freshman the varsity proved that they are on the right track. As play-offs came about they were Regional champs and won the bracket for Area Consolation Champs. They also qualified for State, making it for the second time in fifteen years or more. Setting new records this year the Buffs deserve a pat on the back for their effort.

The 1987-88 basketball season for the Lady Buffs has been a tremendous learning year. We have worked many long hours and our momentum for a winning season always seems to be at its best. Coach Duerson is the best coach a team could ask for. She keeps our courage up and our heads held high. She has also taught us the importance of attitude in order to be a successful team. The Lady Buffs have made much progress throughout the season, and with the team work and enthusiasm of each player, we have worked towards a successful season.

Being a senior is always exciting. Most people just worry about graduating but for these blue chippers they have had their share. From the start of football season until February 10, these guys were being recruited by such schools as OSU, OU, NEBRASKA, NEO, TU, STANFORD, and UCLA. Making these decisions took a lot of thinking and determination. Being recruited has not changed these fellows. They are still the same guys that knew when they started playing football in the ninth grade they would one day in the future make it big. To these guys we say congratulations and good luck.

Sitting, L. to R.: Joe Ervin and Kevin Keith: NEO.

## ROYALTY AT ITS BEST

Who has the keys???

There really is something up there!

Is it Friday yet?

Aren't Freshmen always "monkeying" around?

Did Tarzan wear Guess jeans?

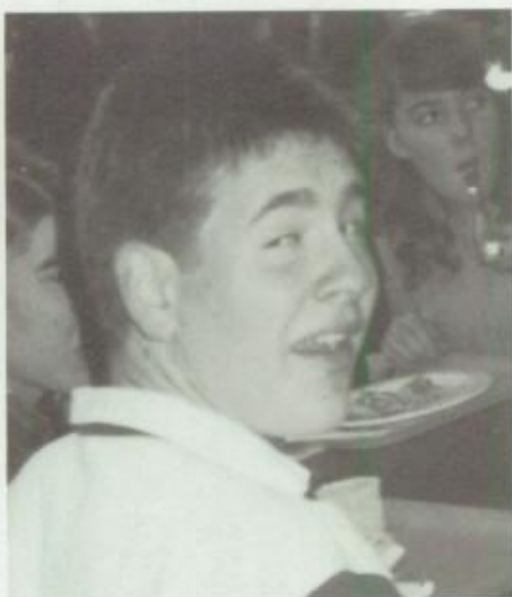

What a day!

True friends!

How gross!

ALL aboard . . .

Family portrait.

### AFTER HOURS

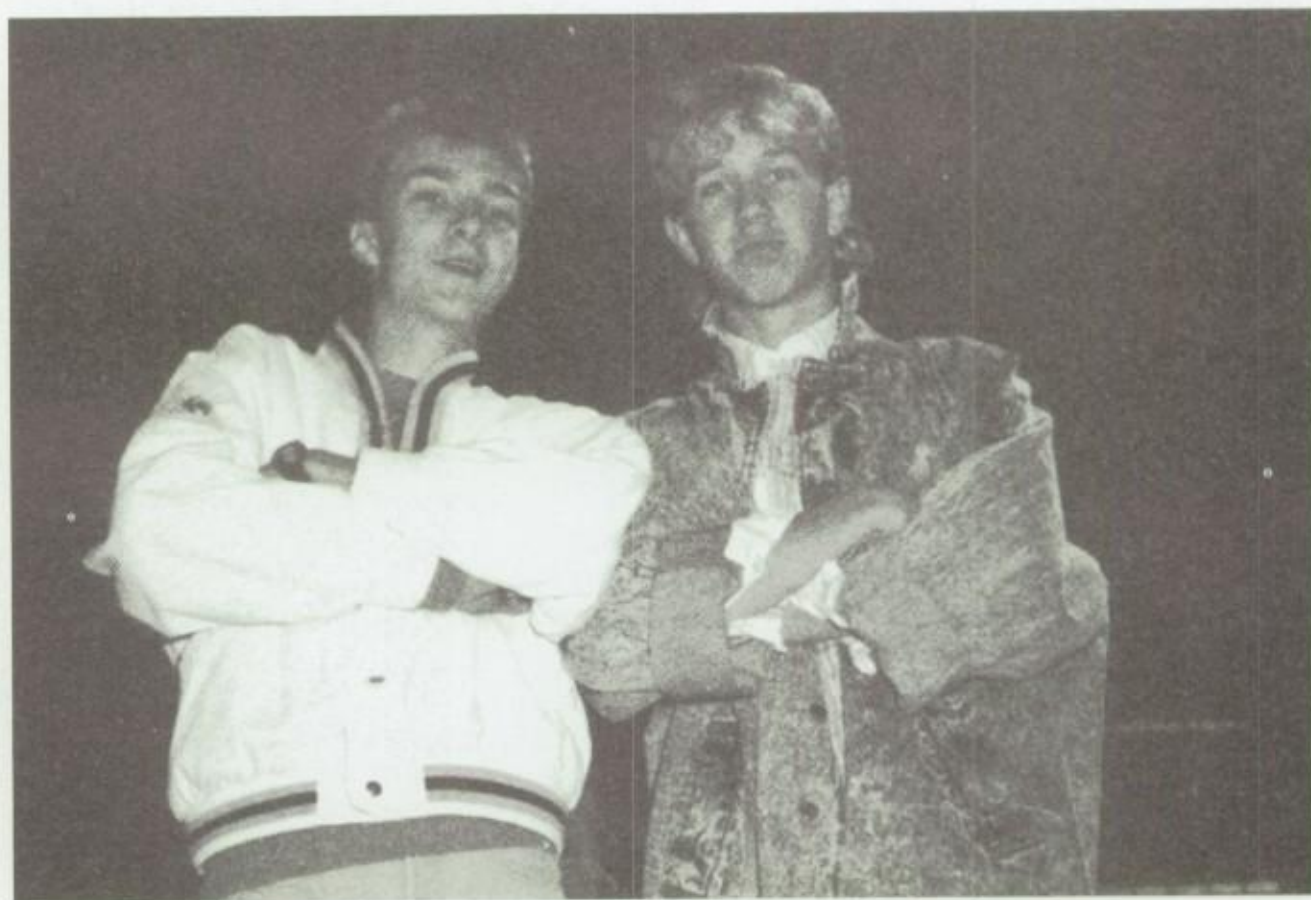

School is out. The halls are empty. The sounds of conversation and laughter are now just memories. As soon as the bell rings it is as if someone had fired a pistol signaling the start of the race among students to get out of the classroom, away from the buildings, and on their way home.

After hours finds many lounging in front of the T.V. or sitting at the kitchen table struggling with homework. It can also mean parties, sporting events, and just plain old good times with friends.

The previous two pages are just a few "after hours" shots, of

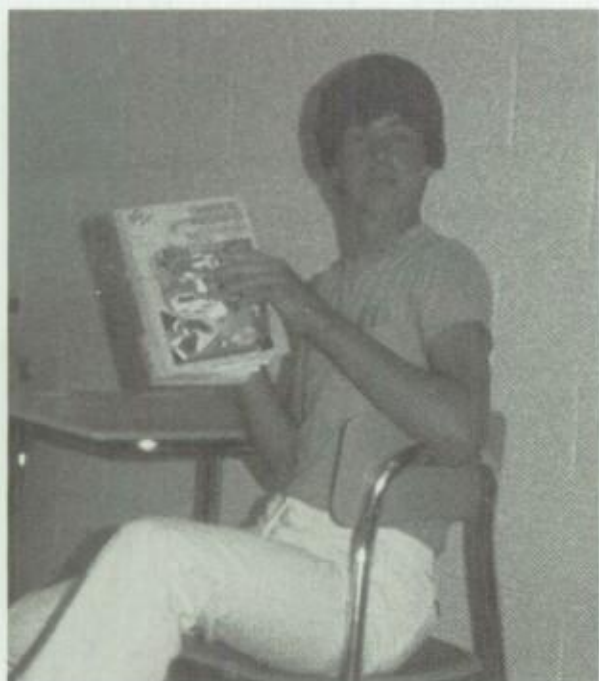

What a face . . .

Go ahead . . . make my day!

It seems that it was only yesterday when we were freshmen. Everything was new, different, and somewhat frightening. But we could find comfort in the fact that we had four years to learn more about ourselves and those around us; we did not have to grow up just yet. "Pomp and Circumstance" graduation credits, and college decisions would not have to be confronted until a later date.

Suddenly, we are seniors. Although we've always known that this year was in our future, it surprises us now that it is the present and will soon be the past. Time has slipped away from us. Supposedly

we have changed and become more mature, and now we are faced with many new, difficult responsibilities. In order to find comfort, we search our past and cling to special memories, instead of looking to the future like we did when we were freshmen.

Soon, many of us will be freshmen again. The process will be much the same as it was in the ninth grade. But this time we'll be able to use our high school experiences as stepping-stones. We can cherish the memories while looking ahead to a fresh and exciting road that leads to adulthood.

*Is a great  
song!!*

I will never be  
 all that I should be —  
 but that doesn't mean  
 I won't try.  
 Even if I don't come  
 anywhere near the  
 ideal,  
 I can always be satisfied in  
 knowing  
 I did the best I  
 could.  
 This — and only this  
 can I expect  
 of myself.

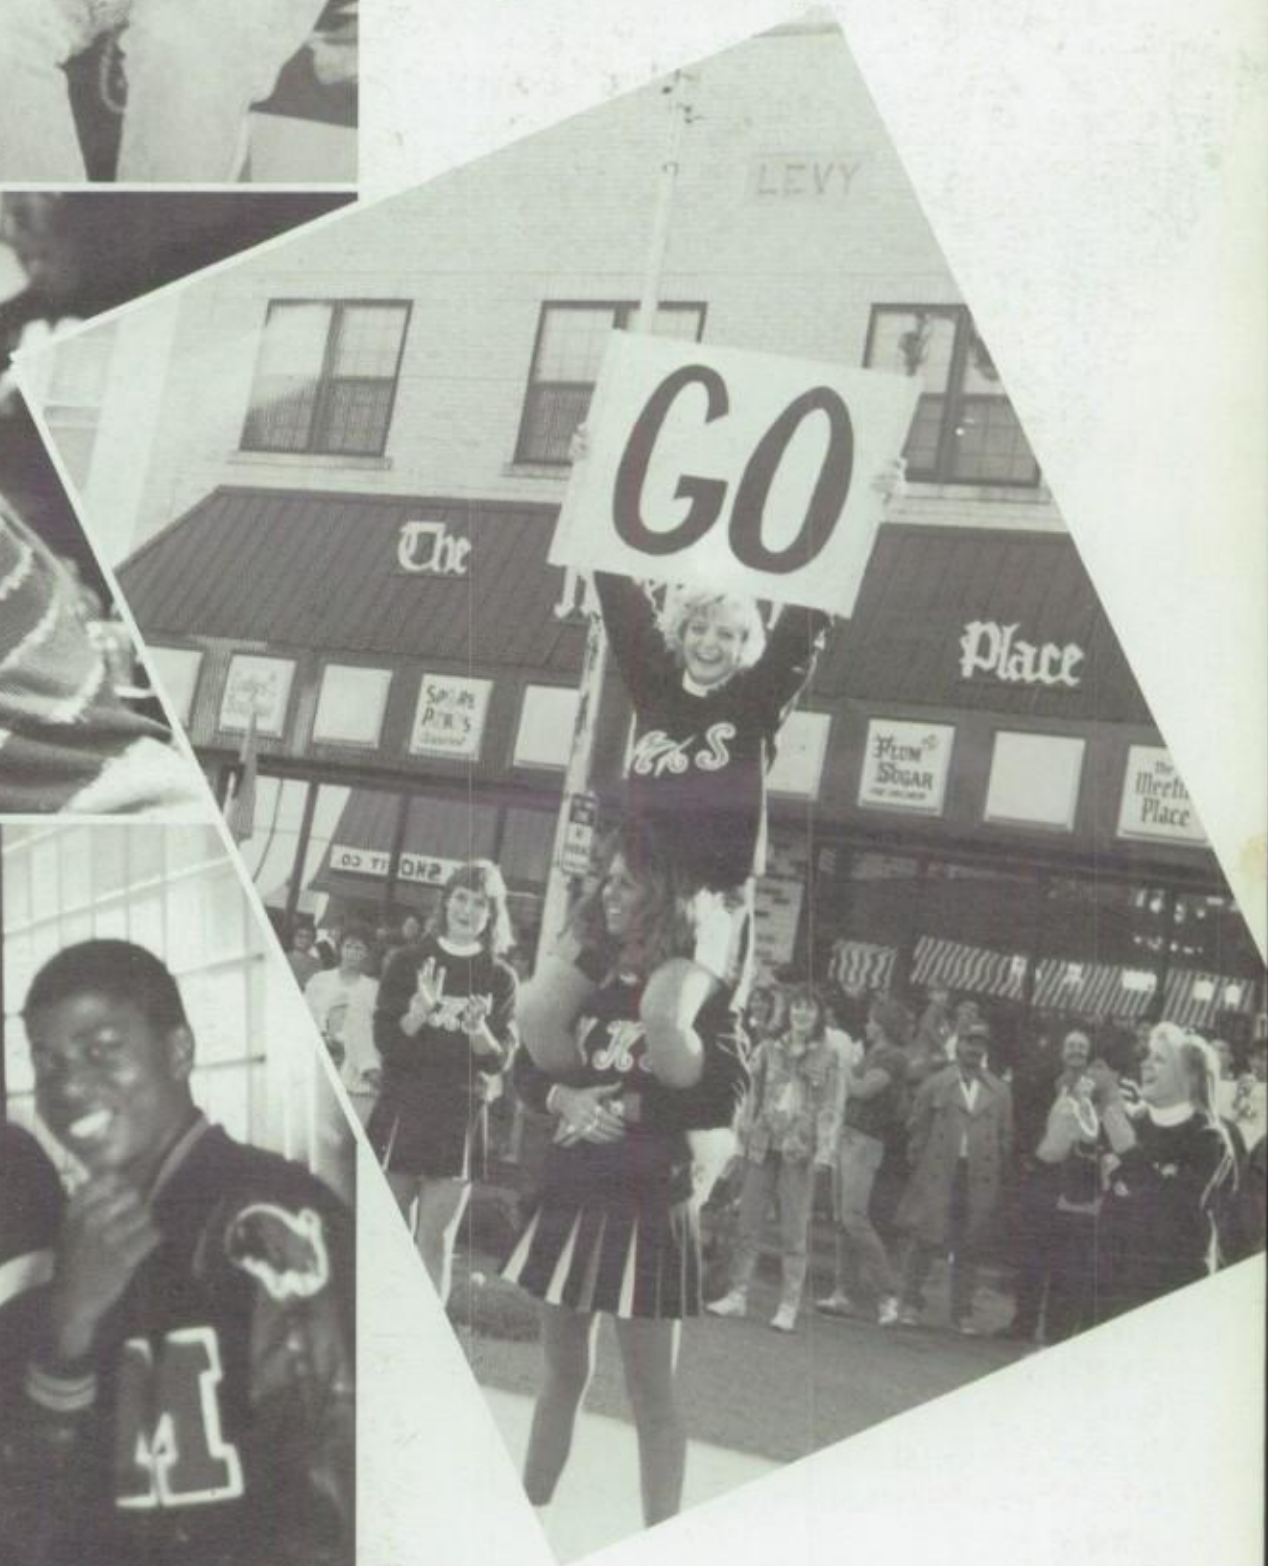

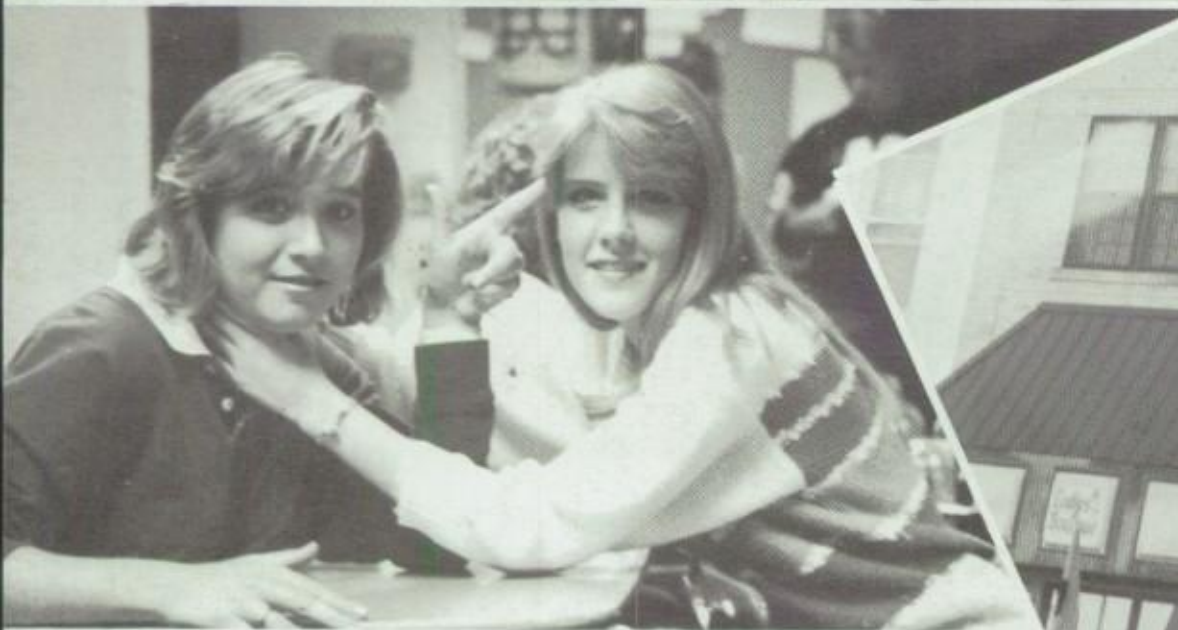

During my travels  
 I have taken many roads and  
 cross-streets  
 And I have found myself lost, alone  
 and  
 In the deepest of valleys.  
 But I have learned through my  
 journey  
 That the determination and courage  
 to climb  
 and go on  
 Is well worth the view of the hilltops.

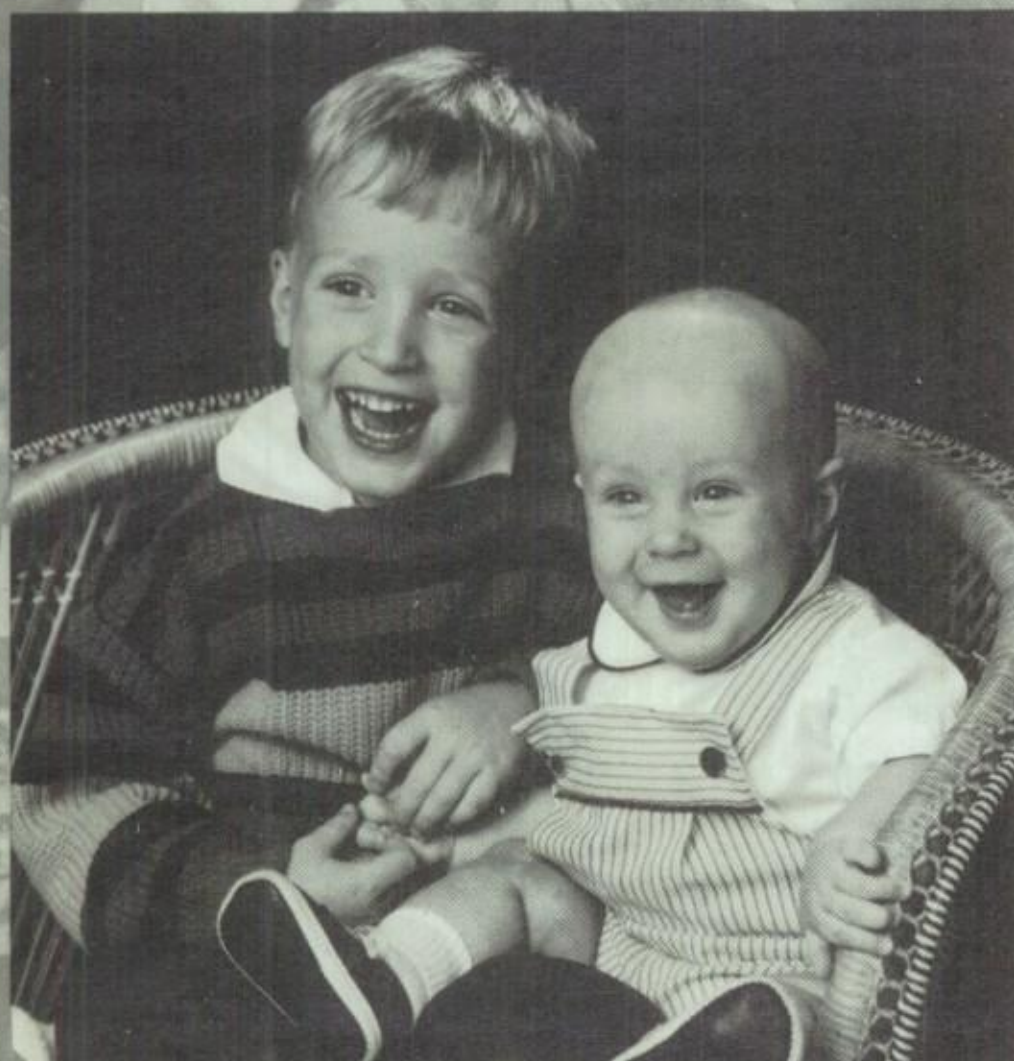

There are no endings  
without new beginnings,  
No good-byes  
without hellos.  
So, although it's hard to  
part and  
go our separate ways,  
It's a joy to know we've  
only just begun to  
become one in His love.  
What lies beyond the pain  
of parting  
is simply the joy of  
reunion,  
and so I hope for days  
when we will touch  
again,  
not only through  
thoughts but in reality.
